    - a. Professional recording of Choir Concert: Got permission for all virtual students to come in to record during their choir period. If March does not work out, \$400 will be used for another recording that could be a momentum for the seniors. The board unanimously agreed to pay the professional recording of \$400.
    - b. Charles Valley Senior Choir Scholarship: Guidance department reached out to see if we could still provide \$1000 or two \$500 for graduating seniors. Everyone is in agreement and Kristin will let the guidance department know we will be providing it.

- VI. Old Business/New Business: Fundraising....not sure we are going to do anything still this year. There was a thought to do flowers for Mother's Day. Emily said she could go either way. Not

worried about financials. Orchestra would like to hop on this if we are going to do it. If we do the flower sales, Emily would prefer the voucher system. We sell the flowers, the buyer get a voucher and has to go to Kollman's Greenhouse to pick them up. Going to go forward with flower sale/voucher program.
